Nomination for Assessor for Non-EU INF-FNI association

The Naturist Federation of Mexico wishes to nominate Mr. Gustavo De La Garza to the position as Assessor for non-EU INF-FNI association to be voted on at the WC 2022 in Luxembourg.

Mr. De La Garza is the founder of the Asociación Conciencia Naturista in northern Mexico; he is currently the President of the Nudist Federation of Mexico who today has the support of more than 3,000 registered followers and more than 200 associates who pay annual fees; He also participates as Vice President of the Latin American Naturism Commission (CLANAT), formerly the Latin American Confederation of Nudism (CLANUD), where he represents and has the support of countries such as Brazil, Argentina, Chile, Colombia, Ecuador, Guatemala, Mexico, Peru, Costa Rica, Bolivia, among others.

Gustavo De La Garza attended and presented a paper at the IX Latin American Nudism Meeting (ELAN) held in Medellín, Colombia in March 2022; where he also won the proposal that he made presenting Mexico as the venue for the X Latin American Meeting of Nudism whose tentative venue will be Cancun and the Riviera Maya in November 2023.

Gustavo De La Garza is in regular contact with naturist associations in Latin America and considers that there is great growth in naturism. He is currently supporting the creation of the Association of Latino Naturists in the United States who are joining CLANAT.

Gustavo De La Garza considers that it is important to spread and implement what is established in the INF-FNI outside the European Union and is interested in getting involved and promoting the essence of naturism in any corner of the planet within the guidelines of the INF-FNI in person. and through social networks.

Kind regards

Gustavo De La Garza
