### Motion N° 2 Statute violation - Compensation

#### Arguments.

For a description of the facts and reasons, please refer to what has already been extensively described in motion N. 1 (Fenait).

As a result of the violation of the statutes clearly committed by the LNV Federation, Fenait suffered significant economic damage as INF-FNI stamps were sold in 2022 in Italy to Italian naturists, often unaware that they were joining a foreign federation.

In 2022, LNV purchased from INF-FNI and sent to Italy a number of stamps amounting to 1.000 (*as per the verbal declaration of the UNI president*).

Therefore, the blatant violation of the statutes committed by LNV, together with the lack of supervision by INF-FNI, caused direct economic damage to Fenait.

#### Quantification of the damage.

Number of INF-FNI stamps lost by Fenait: 1.000

Current cost of INF-FNI stamps for federations:  $1,13+0,03= € 1,16$

Transfer price of INF-FNI stamps from Fenait to member associations in Italy: € 3,00

Damage suffered by Fenait:  $(3-1,16) \times 1.000= € 1.840,00$

#### Vote.

Fenait requests that this World Congress vote to establish a compensation to the detriment of LNV and in favour of Fenait in the amount of € 1.840.00. The amount is to be paid by LNV to Fenait within 30 days after the approval of this motion.

**Financial impact:** None for INF-FNI

Fenait President  
Maria Adelaide Fornaca
