Application for financial support for the International Naturist Run 2024 on Rosenfelder Strand

Dear Sieglinde,

Next year our family, sports and activity days will take place again on Rosenfelder Strand.

The highlight of this 10-day event is the international naturist run.

More than 6 nations always take part in this race. Our goal should be to further expand the participating nations in order to further network the naturist family.

This makes this run one of the largest sporting events in the naturist movement. We have around 150 starts every year.

Since we would like to advertise this event extensively in the near future, we are aiming for over 200 starts.

In addition to this run, we are trying to organize other sporting events internationally.

To make this event a major event again and thus a prestigious flagship of our naturist

To get things moving, we would be happy about a subsidy of EUR 6,000.00 from the INF.

As already mentioned, this event is one of the INF's largest events in terms of numbers.

We would be very grateful for your consent.

Many kind regards

Marcus Hauss
DFK Vice President Finance
